

BSG ANNUAL MEETING 2017 – INTERACTIVE PROGRAMME ‘HOW TO’ GUIDE

Welcome to the BSG Annual Meeting 2017 Interactive Programme ‘How To’ Guide.

NAVIGATING THE INTERACTIVE PROGRAMME

You can access different days of the schedule by clicking on the ‘Day’ drop down box (highlighted in red in the above image) and then selecting the day you would like to view in the bar below. To view all of the sessions available on the day you’ve selected, use the scroll bars (highlighted in green).

To filter the sessions by track click on the ‘Tracks’ drop down box (highlighted in blue). Clicking on the name of the track toggles whether they are visible within the Interactive Programme or not.

To view an individual session simply click on the box containing the session title and a window will open showing further detail.

Within the window you are able to view more details on the session including individual presentations and speakers. If you would like further information about the presentations or speakers click on the respective titles to open further information.

PLEASE NOTE – To navigate back to the original session overview (to see other presentations within that session), you must click on the title of the session within the pop-up screen that appears. Clicking the back button on your web browser will navigate you away from the interactive programme; clicking on the red X in the top right of the pop-up screen will close the original session overview as well as the individual presentation.
